❁ INFORMATION OF SHRI IDAR PANJRAPOL SANSTHA ❁

: ESTABLISHMENT OF THIS INSTITUTE :

Pious Jainacharya Shrimad Vijay Kamalsurishvarji Maharaj inspired to form this institute in the year Vikram Samvat 1975 (i.e. in the year 1919)

For 100 years this institute performs the Godly mereyful duty with the monatory help of donners of the Society. Honorable King of old Idar State whole heartedly donnated a large piece of land (888 acers) near RANITALAV for this PANJARAPOL & laid the foundation of the arrangement to sustain the life of speechless creaturs left to the mercy of God.

: PRESENTDAY CONDITION OF THE INSTITUTE :

This institute is situated behind the famous rock mountains of Idar Gadh. The very large land of this Panjrapol is rocky & the source of underground water is too deep. So, only 250 acres of land (out of 888 acre) is cultivated with the water of certain old wells. The rest of large land can not be used for farming due to absence of irrigation. No cannal is available nearby for irrigation.

On the otherhand the institute has to maintain livelyhood of 4000 creatres - Cows, buffallows (He & She), bullocks, sheeps & goats. Panjarapol has a pious duty for their food & health services - medicins etc. For this, institute needs a large amount as donnation.

Mercy towards animal is a GODESS
Idar Panjarapol is a LIFELINE for
Speechless animals.

APPEAL For DONATION & MONATARY HELP

Respectable Acharya Bhagvantshrees & Merciful Gentlemen,

Shri Idar Panjarapol Sanstha is the only institute working for the period of one century in the field of mercy towards speechless animals in Sabarkantha - Arvalli District. This is a 'live' pilgrim place adorned by the vertures like 'mercy' & 'nonviolence' of the human hearts.

This institute has very huge responcebility of maintance & health services for all types of 4000 animals on campus. Activicts in this field & Police bring the rescued animals taken away to slaughter-houses in huge numbers to our institute. This is the only PANJARAPOL in Sabarkantha district located near the border of Rajasthan state. As we believe in "mercy & nonviolence towards animals", we accept these leftout-houseless-sick animals with a sence of our DUTY - for hundred years. There is no permanent & big maintainance fund with us. At the same time we have daily expenditure nearly Rs. 1,25,000/- for their maintanance. We do this Godly duty with the help of donners, various charity institutes and merciful gentlemen in the society.

Idar Panjarapol Institute should raise its own income by cultivation of income generating crops on its own huge land. Institute should grow much more grass on it. We have 'several plans' like : 'Jivdaya Farms', 'Suraksha Wall (Stone boundary)', 'Drip Irrigation System', 'Deepening old low level Wells', 'New Bores for water', 'Sprinklers for irrigation', 'Check Dams & Little Ponds in farms' & 'Shelter Shade for animals.' For above plans to be executed, we need a annormus (large) FUND. For it - we need huge amount of donation.

Lord Krishna advocated in Bhagvat Geeta : Donation without any expectation of return is a PIOUS DONATION. We urge to the trustees & executives of various charity & religious INSTITUES to extend the helping hand to us. We urge respected Pujya Guru Bhagvant Shrees to avail donation for our institute. Please give donation to Idar Panjarapol for livelihood, medicine & medical services to Speechless, helpless & week animals of all types in our institute. A humble request to you to be a partener in our Godly-merciful deed.

Please know our various types of 'Donation Schemes' for our varide needs & please join us. Please do remember us at the HAPPY or SADE EVENTS in your family, donate for that event to earn PUNYA to make the event memorable for lifetime. At the same time you will have the satisfaction of doing mercy & help to needed animals.

Please do visit Idar Panjarapol.... please know our work & please be 'An Inspiration' to perform our duty.

Please pass several moments in the premises of Panjarapol
Eyes will be wet with tears & Mercy will rise in your heart.
